

Hello All-

As you may or may not know, over the past few years, I've had to deal with several medical issues for chronic illnesses and had multiple surgeries that were necessary during the school year. As a result, I have had to take many days or weeks without pay. I've needed 11.5 days unpaid within the past two years alone as I have quickly exhausted my sick days. Unfortunately, I am in need of another surgery this February, and although it is only January, I am once again with no sick days to get me through until disability can begin to kick in. Therefore, I will need to take three weeks unpaid while still contributing to my benefits. As this has happened so often within the past few years, and I am still dealing with doctor and physical therapy bills, it has definitely taken its toll. Therefore, I'm asking for your help. If you have a personal day that you would be willing to donate to help me through, my family and I would be grateful and indebted to you for your kindness and generosity.

Thank you for considering my request,  
Vicki Murphy
